- 1) **School Grade** – discussed Willow Springs school grade. We had an A at 64% proficient, but with the change in the legislature our grade was dropped to a B. We still did great things here at our school. Parents said many children and parents do not take the SAGE test seriously and they do not believe the school grade is an actual representation of what our students know.
- 2) **Bell Efficiency Study** – presented the district powerpoint. Our parents think it is a great idea to help the bus drivers, but starting at 9:15 or 9:30 and ending at 3:50 or 4:05 is very problematic for Willow Springs. Even with our 3:35 end time now, many parents check their children out early to get to various lessons, sports classes, and other after school programs. They feel that is much too late an end time for their children.
- 3) **Next meeting date??** Wednesday, Oct 26, 2016
